

## JACOB'S CREEK

### REGION

#### *Barossa Valley - South Australia*

The famous Barossa wine region has a long history of making full-bodied reds, fortified and robust white wines. As well as its 70+ wineries, the Barossa is home to award-winning restaurants, stone churches and heritage buildings, in a uniquely Australian landscape of gum trees and vineyards.

The Barossa's winemaking and grape growing heritage dates back to 1842, when the first vines were planted by European immigrants. Today the region is home to sixth-generation winemakers who work with some of the world's oldest vines, as well as a dynamic community of artisan food producers.
